When the latter went down to the office Friday morning he found his assistant had not arrived, and what was stranger still, his tools were not in their accustomed place. The doctor telephoned to the hotel and found that the genial young man had packed his belongings and taken the early morning train for other parts. Dr. O'Day was a very competent young man, and the reason he gave the hotel man for his strange leave-taking was that he did not want to face his employer and tell him he was going to quit. It rather put Dr. Chandler in a bad position for several days, but his many patrons, understanding the situation, gracefully and generously accepted the situation philosophically.

John W. Reynolds

Republican Candidate for

CONGRESS

Ninth District.

Primary Election, Tuesday, Sept. 1

John Reynolds was born on a farm near the village of Jacksonport, Door County. He finished the common schools there; taught school for three years in northern Door County; attended the university of Michigan for three years at Ann Arbor, taking a special course; studied law at Madison, Wisconsin, and was admitted to the bar. Each vacation while at the university he spent in canvassing through Kewaunee, Marinette, Outagamie and other counties and in this way earned the money that kept him at school. He went to Green Bay in June, 1903, a stranger, and commenced the practice of law. In 1906 he was elected district attorney of Brown County and held this office two terms. In 1912 he was elected chairman of the Republican County Committee. He managed the campaign to the entire satisfaction of all the candidates and the Republicans in general.

WEST SIDE

[Continued from Fifth page.]

Mr. and Mrs. Jens Hendricks, who spent a couple of weeks at Daggett, Mich., visiting with relatives, returned home within the week.

Business is experiencing a mid-summer slump at the present time, the farming community being kept at home most of the time by the excellent growing weather.

Mrs. Coglin and daughter Agnes returned to their home at Chicago on Sunday after spending a couple of weeks here on a visit with friends, being the guests of Mr. and Mrs. Gus Lincau.

Rev. Schumann returned home Thursday evening from Milwaukee, where he had been in attendance at the session of the German Lutheran synodical conference. John Senft who accompanied him, also returned.

Visitors and delegates to the Odd Fellows convention visited this side of the bay on Saturday evening and were taken thru the orchards in this vicinity—just to show them that all the good things don't lie entirely on the east side of the bay.

Mrs. W. J. Carmichael of Duluth, Minn., Mrs. H. F. Hagen and daughter Mary Ellen of Bakersfield, Cal., Mr. and Mrs. Jno. Seiner, Mrs. H.F. Sutton and Misses Elizabeth and Catherine Meagher of Green Bay were the guests of Mr. and Mrs. W. J. Hagen during the past week.

Martin Johnson's mother, who lives with him on the farm in Sturgeon Bay town, fell while walking in the yard Monday, the accident resulting in a broken shoulder. While ordinarily this would not be a very serious matter, the fact that the lady is eighty-six years of age, makes the outcome doubtful.

Teweles & Brandeis will fill in their dock property on the southwest extending it to the street line. This will necessitate the removal of the boathouses at the foot of Maple avenue. The firm owns the property on which the houses stand and feels that it can make use of it by improving their property.

Harry Marx made an unsuccessful attempt to cut off the little finger of his righ hand. He is employed in the meat market of B. Haen and while trimming meat with a sharp knife permitted the implement to wander across his own anatomy with the result that the flesh was cut to the bone over an area of an inch or more.

Raymond Prescott returned to his duties in Chicago on Sunday after a pleasant vacation of about ten days among the scenes of his childhood. His family will remain until September 1st. Raymond is an employe of the city waterworks station on the north side of the Windy City, a position he has held for the past ten years.

A card received from Andrew Paterson conveys the intelligence of his being confined in the St. Joseph hospital at Menominee, Mich., on account of a severe attack of sciatic rheumatism, which has affected his hips, legs and feet, and is causing him much pain. Mr. Peterson was steward on the Str. Louis Pahlow when taken ill.

Seventeen men from outside arrived here on Thursday and Saturday of last week, to work in the Green quarry, the company now having a crew of ninety on the payroll. An order was within the week received from Manistique, Mich., for stone, and the firm has enough work in sight to keep the large crew busy until the end of the season.

Miss Ella Johns and David Bickel were married at the German Methodist church yesterday afternoon, Rev. J. F. Brandt performing the ceremony. A reception followed the ceremony at the home of the bride's parents, Mr. and Mrs. Carl Johns, during the afternoon and evening, and the young people begin life with the best wishes of a host of friends.

Eugene Simon was on Saturday taken seriously ill with an acute attack of appendicitis, and the following day he was rushed to Green Bay, where on Monday morning he underwent an operation. He passed thru the ordeal in fine shape and word received from the hospital yesterday is to the effect that he was getting along nicely. Mr. Simon is the fourth member of the family to be operated on for appendicitis.

Mr. and Mrs. Carl Koeppen of Milwaukee spent a couple of days here within the week, the guests of Mr. and Mrs. Otto Green. They left Friday for Marinette, where they spent a few days before returning home. Adolph Green and son William were the guests of their son and brother Otto on Saturday, having come down from Green Bay in the gasoline boat Cataract with a party that is spending the week at Idlewild. Mr. Green and son returned home Sunday via auto, which came after them.

Mr. and Mrs. Henry Nelson of Green Bay, who came here to attend the Odd Fellows convention on the east side, spent a few days in this vicinity, during which they called on relatives on this side of the bay. Mrs. Nelson was formerly Miss Charlotta Battershill, and is a cousin of our townsman, Fred. Battershill. Mr. and Mrs. Nelson made a trip to the northern part of the county in their auto, before returning to their home at the Bay and they enjoyed their visit to Door county immensely, as everybody does.

Alfred Samuelson of Daggett, Mich., spent a couple of days here within the week, during which he was the guest of his brother Albert and family. Alfred had been on a visit to his brother Fred at Ludington, he being a lightkeeper at that port, and while there was surprised to see the number of freight carrying vessels that are idle at the docks, some of which have not been placed in commission at all this season. Al. says that in the counties south there seems to be an immense crop of hay, in fact, all farm products seem to be flourishing.

Patmont up Again.

Rev. Patmont has once more been located, this time at Rib Lake, Wis., by his friends and taken in tow. They claim that his mind seems to be wandering, that he appears to be in constant fear and that he is anxious to escape notice. However, when found he was well dressed and appeared to be in good health.

Patmont has reached the stage of being the man of mystery. Influential friends of good standing, some of them clergymen, still have faith in him and believe that he is the victim of much ill treatment. They even declare that his wrecked mind, if it is wrecked, is the result of ill treatment and fear caused by threats of physical violence.

Many others are of the opinion that he is a charlatan, who is playing on the good people of the temperance cause who still believe in him—G. B. Gazette.

C. E. RAUGHT

Republican Candidate for Congress.

TO THE VOTERS OF THE NINTH CONGRESSIONAL DISTRICT OF THE STATE OF WISCONSIN:

Placing the utmost confidence and a firm reliance in the sincerity of expression shown by many of the leading citizens of this district—men well known and influential in commercial, industrial and agricultural life, as well as many prominent among the laboring class, I hereby announce my acceptance of the call to enter the field as a candidate for the Republican Congressional nomination in the Ninth District, at the primary election in September, and will endeavor in every way to prove worthy of the confidence reposed.

In making this announcement permit me to pause, long enough to express the deepest and most heartfelt thanks for the kindly mention that has been bestowed, for the earnest and apparent sincerity of the call extended, and for the honor conferred.

Let it be understood, without fuss or feathers, that I stand as a plain Republican, minus any defining prefix, firmly believing in the principles of sound Republicanism. For twenty-five years and more I have strenuously upheld, fought for, written in defense of, and worked for the success of the Republican party and its candidates, for I sincerely believe the Republican party stands prominently in the history of this great Nation as the party of construction and achievement, the party of success and prosperity, the party under whose administration the laborer, the agriculturist, the manufacturer and the business man, individually and collectively, have enjoyed the greatest prosperity, earned the highest wage, received the most for agricultural products and the output of manufactures, and with that has been combined the best living for all and the most comforts of life.

Believing in the sound principles of Republicanism I endorse and stand for a protective tariff. Not a tariff that merely provides for the difference in the cost of production at home and abroad, measuring the difference in the cost of American labor against that of foreign countries, but for a tariff sufficiently high to warrant and protect capital being invested in new industries, and to encourage the enlargement of those already existing. Likewise a tariff that protects the American farmer from the imports of Canada or other foreign countries.

All questions of national importance would receive careful study should I be placed in a position where the time and means were afforded, and my action thereon would be in accordance with the demands of the people, always considering foremost the welfare of the industrial, agricultural and business interests of my own district. It would afford me much satisfaction to lend my aid and support to the return of a tariff on paper products, if given the opportunity, for the future welfare of the paper industries of this district is now more or less in jeopardy through the present free-from-duty importation of paper products from Canada and other foreign countries, which if allowed to continue is bound to seriously affect not only invested capital in these plants, but the vast army of men therein employed.

As to state issues, the factional controversies within the state, the value of our good, bad, and indifferent laws, the worth of the many commissions, the reasons assigned for high taxes, etcetera, do not consider this the time or place to refer to these debatable questions, for they are not national issues, and are not applicable to a national office, and any differences of opinion on the part of the republican voters on these questions ought not to be reflected on a Congressional candidate.

Digressing momentarily from the political path, permit me to announce that as a trade union member, I believe in and uphold proper and conservative organization of labor. I conscientiously believe much good has come to the working class through systematic organization, and likewise believe that benefits accrue to those employing organized skilled workmen. As capital and labor must necessarily go hand in hand, useless each without the other, I concede to both the right to organize for mutual protection and for the purpose of reaching satisfactory understandings as to their equitable rights.

For the purpose of introduction to the uninformed and with a feeling entirely void of self praise, allow me to say, I have had experience in political life. Have been privileged to serve ten years as alderman in my home city, sixteen years additional as mayor, twelve years as postmaster, have participated in many Republican county, state and congressional conventions of the past, at present am serving as chairman of the Republican organization of Outagamie County, and as a member of the Utilities Commission of the City of Kaukauna.

It would afford me great pleasure to hear from friends in all parts of the district, whether thru political acquaintance, labor union affiliation or fraternal society association, and to have them extend a helping hand of co-operation to the success of my candidacy, and the success of the Republican party.

I cannot hope to meet all of the electors in the district between now and September, but will endeavor to grasp the hand of at least a portion and hope that all may investigate fully my ability to serve the people.

Yours respectfully,

CHARLES E. RAUGHT.
